

Free File Alliance

The Georgia Department of Revenue has entered into an agreement with software vendors to offer free electronic filing services to qualified Georgia taxpayers.

NOTE: To utilize a Free File offer for the State of Georgia you must start by clicking the link to a provider's website from this page ONLY.

- Under this agreement qualifying taxpayers can prepare and file both the federal and Georgia individual income tax returns electronically using approved software for less or free of charge.
- Use of other sites that promote a free federal return will not guarantee your ability to also file your Georgia return for free.
- Some of the companies listed below may charge a fee for electronic preparation and/or filing of your federal return.
- We recommend that you read the information on the vendor's website to determine the best product for your tax needs.

Average 1040

average1040
.com

Average 1040.com is an efile provider allowing taxpayers to prepare, print and file their federal and state returns using a secure internet connection.
